

K-LOVE is a very important part of my daily life. We get updates on current events, and get information on upcoming events for local churches in our city. Our family enjoys the music so much that the radio station in our vehicle stays on K-LOVE. The music is positive and I don't have to worry about what my child will be exposed to.

It is vital that K-LOVE stay on the FM translators, the majority of the listeners listen on those frequencies. Low Power will pose too many problems, and I need to be able to get my radio station with clear reception. If I could not get K-LOVE with clarity, I might be forced to listen to something else and there are hardly any other stations suitable for the entire family.

K-LOVE provides us with spiritual encouragement everyday. We love the music and it is like an additional family member. Getting in my car and hearing the uplifting music is important to my family. Please do your best to keep K-LOVE's signal as strong as possible. Thank you very much.
